Methodology

- Data Source: [Nexis Uni](#).
- Search method for GU-Q: ("Georgetown University in Qatar" OR "School of Foreign Service in Qatar" OR "Georgetown University Qatar" OR "School of Foreign Service Qatar" OR ("School of Foreign Service" AND Qatar AND Campus) OR "SFS-Q" OR "Georgetown in Qatar" OR "School of Foreign Service in Doha") anywhere in the text.
- Search method for individual faculty: Above query + last name of faculty (or last name and first name of faculty) anywhere in the text.
- Why is it important?
 - Showcases the engagement of/with the broader public, and not only the research community
 - Indicates some degree of societal impact
 - Gains an understanding of which research outputs grab the media's attention
 - Discovers media outlets that are discussing GU-Q's research output
 - Understands the level of global exposure research output received
 - Gives an early indication of the interest in research output that has recently become available
